**THE CLASSIFIED ADS**

**Deadlines:** Orders for regular classified advertisements must reach the ACRL office on or before the second of the month preceding publication of the issue (e.g., September 2 for the October issue). Late job listings will be accepted on a space-available basis after the second of the month.

**Rates:** Classified advertisements are $5.25 per line for ACRL members, $6.60 for others. Late job notices are $12.60 per line for members, $14.70 for others. Organizations submitting ads will be charged according to their membership status.

**Telephone:** All telephone orders should be confirmed by a written order mailed to ACRL headquarters as soon as possible. Orders should be accompanied by a typewritten copy of the ad to be used in proofreading. An additional $15 will be charged for ads taken over the phone (except late job notices or display ads).

**Guidelines:** For ads which list an application deadline, that date must be no sooner than the 20th day of the month in which the notice appears (e.g., October 20 for the October issue). All job announcements should include a salary figure. Job announcements will be edited to exclude discriminatory references. Applicants should be aware that the terms faculty rank and status vary in meaning among institutions.

**J Ob LINE:** Call (312) 944-6795 for late-breaking job ads for academic and research library positions. A pre-recorded summary of positions listed with the service is revised weekly; each Friday a new summary is issued. For ads which list an application deadline, that date must be no sooner than the 20th day of the month in which the notice appears (e.g., October 20 for the October issue).

**Fast Job Listing Service:** A special newsletter for those actively seeking positions. This service lists job postings received at ACRL headquarters four weeks before they appear in C&RL News, as well as ads which, because of narrow deadlines, will not appear in C&RL News. The cost of a six-month subscription is $10 for ACRL members and $15 for non-members.

**Contact:** Classified Advertising Dept., ACRL, American Library Association, 50 E. Huron St., Chicago, IL 60611; (312) 944-6780.

**EDUCATIONAL OPPORTUNITY**

**LIBRARY GRADUATE ASSISTANTS** for 1989 Academic Year

Mankato State University is seeking individuals who possess either an MLS or MA in Library Science who wish to work on a subject major degree while gaining valuable professional experience in an academic library. MSU offers master degrees in over 60 academic disciplines. Graduate assistantships are internships in the discipline—in this case, two disciplines—library science and the subject discipline of your choice. Graduate assistants supervise student workers and perform other professional services in the public and technical services of the Library. Public service positions include reference, government publications, online database searching, interlibrary loan, educational resource center, media production, circulation, maps, periodicals, and bibliographic instruction. Positions in the technical services include acquisitions, cataloging, and library research. Successful candidates must show evidence of demonstrable working experience in one of the areas listed. A full assistantship averages 20 hours of work and pays $160 per week for 34 weeks of the academic year. Additionally, graduate assistants qualify for in-state tuition and for one-half of graduate credits per quarter during the academic year. Mankato State University, a dynamic information center for over 16,000 students and area users, has a staff of 25 librarians, 24 classified staff, 20 graduate assistants, and over 200 student workers. Memorial Library is the home of the PALS automated system, a nationally known integrated library system featuring an online catalog, a circulation system, an interlibrary loan module, a serials control system, and an acquisition system. Authority control and inventory control are under development. A letter of application outlining your experiences in an academic library, your resume, and the names and telephone numbers of three current references should be sent to: Thomas M. Peischl, Dean of the Library, Mankato State University, MSU Box 19, Mankato, MN 56002; telephone 507-389-5953. Applications from minorities are encouraged; Mankato State University is an equal opportunity University and employer.

TWO POSITIONS
Columbia University Libraries
Social Science Division

The Columbia University Libraries are seeking two talented professionals to join the staff of the Social Science Division. The Division consists of the Business, Lehman, Journalism and Social Work Libraries, and the Documents Service Center. These department libraries work together in coordinating, planning and evaluating traditional information/instructional services, access services, collection management, and the introduction of new non-traditional products and services. The Head of the Documents Service Center and the Lehman Librarian play major roles within the Division, and have the opportunity to work in an exciting and challenging environment. Both positions report directly to the Assistant Director for the Social Sciences.

Head, Documents Service Center: The Head of the Documents Service Center provides leadership in developing documents services and collections for the Columbia University library system, including administering and coordinating systemwide service, resource development, and technical processing. The Head provides reference and consultation services, instructs individuals and groups in the use of documents, and is expected to provide leadership in the incorporation of government information in machine readable form into information services at Columbia. The incumbent has responsibility for hiring, training and evaluation of all Documents Service Center staff (2 support staff plus student assistants), and represents the Columbia Libraries in local and national documents forums.

In addition to an accredited MLS, requirements include previous public service experience with U.S. Government Documents in an academic or large public library, superior verbal and written communications skills, and demonstrated ability to work effectively with others in a complex environment. Knowledge of machine readable data files and data archives management, experience with CD-ROM technology and products, and previous supervisory experience are highly desirable.

Salary ranges are: Librarian I, $26,500-$34,450; Librarian II, $28,500-$38,475; Librarian III, $31,500-$45,675. Deadline for applications is March 31, 1989.

Lehman Librarian: The Lehman Librarian is responsible for planning and developing programs, policies and procedures for intellectual and physical access to the Lehman/Social Work collections, including administrative responsibility for reference and instructional services, circulation and reserves, technical services and physical facilities. The Librarian will maintain close contact with faculty and students of the School of International and Public Affairs (SIPA) and the School of Social Work, including regular meetings with SIPA administrators and service on Lehman and Social Work advisory boards. The incumbent will participate in collection management, including preservation, inventory projects and planning for automated circulation.

In addition to an accredited MLS, requirements include at least five years of experience in managing access and information services in an academic library; superior verbal and written communications skills; demonstrated ability to work effectively with others in a complex environment; and relevant management experience. Experience with reserves management and automated circulation; previous successful program development for instruction in the social sciences; knowledge of U.S. Government documents, and CD-ROM technology and products; and experience in online/end-user database searching desirable. Reading knowledge of at least one foreign language (preferably Russian or Spanish) also desirable.

Salary ranges are: Librarian II, $30,500-$41,175; Librarian III, $33,500-$48,575. Deadline for application is April 30, 1989.

Columbia offers an excellent benefits package, including tuition exemption for self and family and assistance with University housing.

measure should impose no significant costs on the federal government, and should reduce future preservation costs. Sen. Pell appended to his statement the resolution of support by ALA (CD #37, 1988-89, adopted January 11) as well as a letter of support from the Association of Research Libraries.

Action needed. Additional cosponsors are needed to move the legislation through the process this year. Especially important are members of the Governmental Affairs Committee, to which S.J.Res. 57 will be referred. Urge your Senators to sign on as cosponsors of S.J.Res. 57. Thank those who have already done so.

Budget. The final Reagan Administration budget for federal library programs, since endorsed by President Bush, requests funds equal to current year funding of $137.2 million for the Library Services and Construction Act and the Higher Education Act title II. However, the fiscal year 1990 request is predicated on passage of legislation to be proposed later which would repeal the existing LSCA and HEA II. Such legislation was submitted to Congress last spring as the proposed Library Improvement Act with total funding of $76 million. Congress took no action on the proposal, which now apparently will be resubmitted with a higher authorization level. Meanwhile, congressional appropriations committees must base funding actions on the existing LSCA and HEA II, and authorizing committees must act to extend LSCA this year. A reauthorization hearing focusing on the accomplishments of LSCA is expected to be held on April 11, which is also Library Legislative Day in Washington, D.C.
library can guarantee the long-range success of its automation system. CAMPUS-WIDE NETWORKING, for example, as well as the ability to access off-campus data sources, requires careful adherence to automation communications standards. Data Research's use of Ethernet and DECnet/OSI provides you with that power now. SUPPORT OF YOUR CHOICE of workstations from a wide variety of vendors is also possible using ATLAS—A Total Library Automation System from Data Research—because of our support of communications standards. SPECIALIZED DATABASES can be easily built, fully indexed and even made available through the Public Access Catalog because of our use of full-MARC bibliographic and authority records. What's more, Data Research has committed to support the emerging NISO Common Command Language standard for PACs, ensuring that ATLAS users will be at the forefront of tomorrow's movement toward simplified interlibrary resource sharing. WITH FULLY INTEGRATED modules for cataloging, circulation, PAC, acquisitions, materials booking, reserve book room, full-text database searching and a wide range of other services, ATLAS offers academic libraries the most powerful functionality in the industry. Call us today to find out how this power is flexible enough to serve dozens of diverse academic ATLAS installations, including community colleges like Maricopa County Community College in Phoenix and prestigious universities like Tufts.
Old-fashioned approval plans are designed for the book budgets of the 1960s. Too often they surprise you with unpredictable performance, high returns, and unforeseen cost fluctuations.

In contrast, we put librarians firmly back in control of the books they are receiving and the money they are spending.

Our approval plans feature pre-publication title notification, personally selected (not computer-selected) books, a carefully defined list of publishers, and management reports that really help you control future approval activity.
