PHONEDISC® TAKES THE LEGWORK OUT OF PHONE BOOKS.

The phone company's tip to "Let your fingers do the walking" works just fine when you're looking for someone in the same town. But this advice can get mighty frustrating when you're looking through hundreds of phone books for your Great Aunt Emma in Iowa. Or when your fingers are skipping across thousands of pages trying to find a business associate you lost track of after he relocated to some unknown state! Face it: Your fingers-tips were simply not meant for cross-country travel.

Fortunately, there is an alternative. DDA's PhoneDisc® USA Residential and PhoneDisc® USA Business CD-ROMs pack 80 million residential names and addresses and 9.6 million business listings in less room than your local directory! That's more listings than any other comparably priced telephone directory published on CD-ROM.

Imagine: The equivalent of several tons of printed residential and business phone books—weighting just ounces—at your beck and call. PhoneDisc® is a lot easier to use than paper directories, too: Simply type in the person's name, and the powerful built-in search program will find his/her address and phone number instantly!

PhoneDisc® USA Residential is a two-disc set (Eastern and Western United States) containing listed residential phone number in the country. If the person you are looking for is in a telephone directory—PhoneDisc® can help you. It is invaluable for locating people who have moved—like your former roommates, army buddies or (let's admit it) your old sweethearts. To save time, or eliminate duplicate names, you can limit your search to certain states, cities, zip codes or area codes.

PhoneDisc® USA Business lists large, medium, small and even tiny businesses. In addition to looking up a company by name, its reverse indexes allow you to search by business type, SIC code, street, address or phone number. Finding a supplier, starting a job search or checking references was never easier.

PhoneDisc® USA Residential and PhoneDisc® USA Business are the most complete, accurate and economical telephone databases available today! And they'll stay that way, because they are updated quarterly. Join the thousands of CD-ROM owners who have purchased PhoneDisc® Call Toll-Free and order today! Only $99 for the each or $159 for both. You get full technical support, as well as an unconditional 30 day Money Back Guarantee.

If you need to search residential listings by more than last name, PhoneDisc® Reverse extends your search power! With PhoneDisc® Reverse you get the same high quality listings and powerful search software as PhoneDisc® Residential and Business plus reverse indexes for residences. Buy the entire U.S. on five discs for $349. Buy one region on one disc for $129.
