Debriefings: Orders for regular classified advertisements must reach the ACRL office on or before the second of the month preceding publication of the issue (e.g., September 2 for the October issue). Should this date fall on a weekend or holiday, ads will be accepted on the next business day. Late job listings will be accepted on a space-available basis after the second of the month.

Rates: Classified advertisements are $7.95 per line for institutions that are ACRL members, $9.95 for others. Late job notices are $19.25 per line for institutions that are ACRL members, $22.95 for others. Organizations submitting ads will be charged according to their membership status. Display ad rates range from $355 to $675 based upon size. Please call for sizes and rates.

Guidelines: For ads that list an application deadline, we suggest that date be no sooner than the 20th day of the month in which the notice appears (e.g., October 20 for the October issue). All job announcements should include a salary range per policy of the American Library Association (ALA). Job announcements will be edited to exclude discriminatory references. Applicants should be aware that the terms faculty rank and status vary in meaning among institutions.

Internet: C&RL News classified ads are accessible on the Internet through the gopher server at the University of Illinois at Chicago. Jobs will be placed on the gopher approximately 2-3 weeks before the printed edition of C&RL News is published. To reach C&RL NewsNet locate the University of Illinois at Chicago in the menu of all servers maintained on gopher at the University of Minnesota. Alternatively, connect your favorite gopher client directly to host "gopher.uic.edu" and select "The Library" from the menu and then select "C&RL NewsNet" from the next menu.

Contact: Jack Helbig, Classified Advertising Manager, C&RL NewsClassified Advertising Department, ACRL, American Library Association, 50 E. Huron St., Chicago, IL 60611-2795; (312) 280-2513; fax: (312) 280-7663 or (312) 280-2550; e-mail: U21808@UICVM.uic.edu or jack.helbig@ala.org.

Policy: ALA policy requires that organizations recruiting through ALA publications or placement services comply with ALA anti-discrimination policies. Policy 54.3 states that "ALA is committed to equality of opportunity for all library employees or applicants for employment, regardless of race, color, creed, sex, age, physical or mental handicap, individual lifestyle, or national origin." By advertising through ALA services, the organization agrees to comply with this policy.

POSITIONS OPEN

ASSISTANT BUSINESS LIBRARIAN, University of Minnesota Libraries. The University of Minnesota Libraries seeks to hire a qualified librarian to perform reference, research, instructional services, and collection development in the Business Reference Service Unit. Job responsibilities include providing desk and telephone reference services, providing computer-based information services, assisting in the delivery of instructional services to faculty and graduate and undergraduate students in the Carlson School of Management and related disciplines in the social sciences and developing collections of print and electronic resources in business and management subject areas. Required qualifications: MLS from an ALA accredited institution which must be in hand by August 31, 1995. Minimum of one year working in an academic, corporate, or public business library. Excellent communication and interpersonal skills. Flexibility and the demonstrated ability to work both independently and in cooperation with colleagues and library users in a complex service-oriented business environment. Experience with electronic information platforms, such as online catalogs and databases, CD-ROM databases, the Internet, and microcomputer applications. Willingness to work some weekend and evening hours. Preferred qualifications: Subject expertise in at least one of the following disciplines: accounting, finance, human resources management, industrial relations, operations and management science, information and decision sciences, or risk management and insurance. Online searching experience using the major business databases (such as Lexis/Nexis, Dialog). Previous reference or instructional experience in a business library. Previous experience with library collection development in business or management subject fields. This is a full-time, 12-month academic professional position with a probationary appointment at the Assistant Librarian rank. It is expected that the appointee will fulfill requirements for continuous appointment. Salary: Minimum $26,000 annual full-time rate. Applications requirement: Each applicant should send letter, resume and names, addresses and phone numbers of four recent references to: Kurt R. Murphy, Assistant Dean for Personnel, University Libraries, Arizona State University, Box 871066, Tempe, AZ 85287-1006. Telephone (602) 965-4914. FAX (602) 965-9165. E-mail: jackr@asuacad.arizona.edu. Full position description is available upon request. ASU is an EO/AA employer and actively seeks diversity among applicants and promotes a diverse work force.
TWO PROFESSIONAL POSITIONS

George Mason University Libraries

George Mason University, a comprehensive research university in the Washington, D.C., area, is seeking two reference librarians to join a growing library system committed to playing an integral role in the academic initiatives of the university. Creativity, initiative, and willingness to reach beyond the boundaries of the traditional library are especially prized. Reference librarians provide general desk service, including evening and weekend rotation.

SOCIAL SCIENCES/HISTORY REFERENCE LIAISON LIBRARIAN

Responsible for liaison services for the Graduate School of Education, the Departments of History and Psychology, and the center for Community College Education. Serves as co-coordinator of bibliographic instruction for the main library.

QUALIFICATIONS: ALA-accredited MLS required. Reference experience and second master's in relevant subject area preferred; experience in collection development, bibliographic instruction, and electronic information management desired.

SALARY: $28,500 and up, depending on qualifications. Excellent benefits.

Application deadline is October 10, 1995. Send letter of application and resume with names of three references to:

Social Sciences/History Reference Liaison Search
or Humanities Reference Liaison Search
Library Administration Office, MSN 2FL
George Mason University
Fairfax, VA 22030-4444

AA/EEO employer, minorities encouraged to apply.

ASSISTANT CATALOG LIBRARIAN (two positions)

The University of Illinois at Chicago seeks candidates for the position of Assistant Catalog Librarian. Assistant Catalog Librarians perform original and member-copy cataloging and classification of materials in all formats on OCLC. Cataloging and related authority work are included in UIC's NOTIS database, which is shared with the Library of the Health Sciences. The university library was chosen to be one of the original participants in the OCLC Enhance Project, and is authorized to enhance records for books and scores. It became a NACO library in 1994. It follows the standards of AACR2 and uses LC subject boundaries. The Catalog Department employs seven professional librarians, including five Assistant Catalog Librarians, and 15 support staff. It catalogs books, serials, and a full range of nonbook materials in subjects and languages typically acquired by an ARL library. The department seeks professional librarians who are interested in cataloging books and also in developing special skills in areas such as authority control and the cataloging of computer files, video recordings, maps, local and state government documents, scores, and sound recordings. Potential reorganization may lead to a role in the cataloging of medical materials. Minimum qualifications: Master's degree in library science from a program accredited by the American Library Association; two years of professional cataloging experience using AACR2, LC subject headings, and LC classification and/or MeSH and NLM classification; experience with automated bibliographic information systems; reading knowledge of at least one western European language; excellent written and oral communications skills; evidence of professional involvement with academic librarianship; evidence of ability to meet university standards in research, publication, and professional service commensurate with tenure. Additional desirable qualifications: Experience with OCLC and a variety of MARC formats; familiarity with NOTIS; DRA, or another integrated online library system; knowledge of the Cyrillic alphabet and of at least one eastern European language. Salary/rank/contract: Salary and rank dependent on qualifications and experience; faculty appointments in the UIC library begin at $31,000; 12-month appointment; 24 days vacation; 12 days annual and sick leave with additional disability benefits; 11 paid holidays; medical coverage (contribution based on annual salary; coverage for dependents may be purchased); dental plans available; life insurance paid for by the state; participation in the State Universities Retirement System compulsory; (8 percent of salary is withheld and is tax exempt until withdrawal); no Social Security coverage but Medicare payment is withheld; physical examination at the University Health Service is required upon appointment. For fullest consideration apply by November 1, 1995, with supporting resume and the names and addresses of at least three references to: Darlene M. Ziolkowski, Personnel Librarian, University of Illinois at Chicago Library, Box 8198 (MC 234), Chicago, IL 60680. The University of Illinois at Chicago is an affirmative action, equal opportunity employer.

AUTOMATION LIBRARIAN. Texas Tech University is seeking an Automation Librarian. This position assists the Head of the Automation Department in the planning, implementation, and coordination of automation activities. Duties also include management of the DRA integrated system, Innovative Interfaces Acquisitions/Serials system, and OCLC access. Other responsibilities of the Automation Librarian are participating in the planning, procurement, and implementation of new computer applications and providing training to library staff in the use of new equipment, software, and remote information systems. Qualifications: ALA-accredited master's degree with two years experience with automated library systems and demonstrable technical experience, or a computer-related degree with significant academic library experience. Strong oral and written communication skills are necessary, as well as supervisory, training, and interpersonal skills. The applicant must have experience with computers, networks, telecommunications, CD-ROMs, and the Internet. Preferred qualification-
RUTGERS UNIVERSITY LIBRARIES
New Brunswick, NJ

Information Technology/Reference Librarian
Archibald Stevens Alexander Library

Will work to realize and promote a state-of-the-art Scholarly Communication Center currently under development. Train others in proficient use of electronic resources; develop, implement, document and maintain electronic and technological resources of the Center, participate in reference and other activities of the Alexander Library. APP #114.

Electronic Services Librarian
Library of Science and Medicine

Provide leadership and support for use of information technology in the science libraries. Identify/evaluate/implement electronic resources and equipment, develop policies and procedures, train librarians and staff, and participate in the instruction program and reference activities of the Library of Science and Medicine. APP #115.

QUALIFICATIONS: ALA/MLS required; evidence of strong technical skills with emphasis in information/computer technologies. Research, publication, involvement in professional organizations expected, as is the ability to work effectively in a multicultural academic environment. Salary minimum $32,648, dependent upon experience and qualifications. To request copies of the complete academic position description: e-mail your request with mailing address to troy@zodiac.rutgers.edu

TO APPLY: Resumes received no later than October 6, 1995 will receive first consideration. Submit resume, cover letter and names of three references to Sandra Troy (APP #). Libraries Personnel Officer, Rutgers University Libraries, 169 College Avenue, New Brunswick, NJ 08903. FAX: (908)932-7637.

Rutgers, the State University of New Jersey upholds a commitment to affirmative action and equal opportunity.

Salary guide

Listed below are the latest minimum starting figures recommended by state library associations and the North Carolina State Library for Professional library posts in these states. These recommendations are intended for governmental agencies that employ librarians. The recommendations are advisory only, and ALA has not adopted recommendations for minimum salaries. For information on librarian salaries, job seekers and employers should consider these recommended minimums, as well as other salary surveys.(such as the survey in the October 15, 1989, issue of Library Journal, the ALA Survey of Librarian Salaries, the annual ARL Salary Survey, or the annual CUPA Administrative Compensation Survey) when evaluating professional vacancies. For more information, contact the ALA Office for Library Personnel Resources.

Connecticut $31,273
Delaware $22,500+
Illinois $27,400+
Indiana varies*
Iowa $21,588
Louisiana $22,000
Maine varies*
Massachusetts $27,554*
New Jersey $30,128
New York varies*
North Carolina $24,367+
Ohio $25,198+
Pennsylvania $23,700*
Rhode Island $28,000
South Carolina varies*
South Dakota $20,000
Texas $25,000
Vermont $23,846
West Virginia $22,000
Wisconsin $25,830

*Rather than establish one statewide salary minimum, some state associations have adopted a formula based on such variables as comparable salaries for public school teachers in each community or the grade level of a professional librarian post. In these cases, you may wish to contact the state association for minimum salary information.

#Option for local formula.

September 1995 / 587
SYRACUSE UNIVERSITY LIBRARY

HEAD, MAPS and GOVERNMENT INFORMATION DEPARTMENT

This position manages this ARL Library's Maps and Government Information Department, which provides reference, instructional, and electronic reference services for research-level U.S. depository and cartographic collections; organizes collections, planning and supervising departmental processing and cataloging operations; supervises six full-time staff; reports to the Associate University for Public Services.

The successful candidate will plan, implement and evaluate departmental programs and services, including reference and instructional services to students, faculty, and other users of U.S. and NY State depository, UN, and Council of Europe publications, cartographic materials, and a map room. Processes documents and cartographic materials, utilizing MARCive and OCLC cataloging; adds collection records to the online catalog; provides staff development and training; manages electronic resources; selects materials for the library in assigned subject areas, with responsibility for commitment and expenditure of collection development funds; works collegially with Public Services Department Heads to develop and implement effective service delivery; serves on the Library's Administrative Cabinet, working closely with other department heads and administrators on access, resource sharing, preservation, document delivery, electronic resource, collection development and other issues. Represents the Department, the Library and the University in appropriate on and off-campus settings.

Candidate must possess an advanced degree from an ALA-accredited program, four or more years of experience with government publications and/or maps, preferably in a research library; supervisory experience. In addition, a second master's degree is preferred, as well as knowledge of cartographic resources; online cataloging and collection development experience; reading knowledge of Russian, French, German or other Western European languages highly desirable; experience in using electronic reference and government publications resources; knowledge of emerging technologies; effective oral and written communication skills; a commitment to providing responsive and innovative services to a culturally/racially diverse campus; the ability to work cooperatively in a demanding and rapidly-changing environment; and evidence of professional/scholarly activity. Salary is commensurate with experience and qualifications, $38,000 minimum.

USER EDUCATION LIBRARIAN

This position requires an experienced, team-oriented Librarian to lead and develop their User Education Program. Building upon an established library instruction program, this individual will lead the development of new methods of instruction, using technologies such as CD-ROM, Internet, multi-media, and other electronic resources. Specific objectives of the program include expanding the undergraduate instruction program, increasing librarians' use of technology in teaching, developing computer-assisted instruction programs, and developing the skills of librarians who deliver these services to the campus community. Hands-on instruction in electronic resources, an important component of the User Education Program, is provided in the Library's Electronic Training Center, which opened in January 1995. The User Education Librarian is a member of the Information Services Department, and reports to the head of that Department.

Candidate will oversee the User Education Program, including Library orientations, general undergraduate, upper division and graduate-level specific instruction; develop policies and procedures in support of the Program; collect and report management information about the Program; support library staff in developing their teaching skills, integrate technology into their methods and course content; design classes and instructional materials. In addition, candidate will also maintain liaison with Electronic Resources Coordinator of Public Services in staff training in electronic resources; promote User Education Program to campus community, seek ways to integrate library instruction into campus activities; chair User Education Advisory Group, comprising staff from various library departments; provide reference services in the humanities and social sciences (evening and weekend hours required); as well as serve on committees and task forces as appropriate. May serve as Bibliographer for one or more subject areas.

Candidate must possess graduate degree from an ALA-accredited institution; minimum of 3 years' professional experience in reference or public services in academic library; library instruction or classroom teaching; with electronic resources including OPAC, CD-ROM, and the Internet; knowledge of emerging technologies; exceptional interpersonal/communication skills; leading or directing the work of others; excellent organizational skills; demonstrated leadership abilities; commitment to providing responsible and innovative services to a culturally/racially diverse campus; evidence of professional/scholarly activity. Desired qualifications include additional graduate degree and collection development experience in an academic or research library; expertise in IBM-compatible and Macintosh applications. Salary and benefits commensurate with experience, minimum salary $28,000.

Send letter of application, resume and names, addresses and phone numbers of three references to: Search Committee for Head, Maps and Government Information Department or Search Committee for User Education Librarian, Syracuse University Library, Office of Human Resources, Syracuse, NY 13244-5300. Applications received by 9/22/95 will be given first consideration. Syracuse University is an Equal Opportunity/Affirmative Action Employer. The University encourages applications or nominations from women and members of other traditionally underrepresented groups.
COLLECTION MANAGEMENT LIBRARIAN
FINE ARTS LIBRARY

Responsible for collection development including acquisitions and preservation for the Fine Arts Library’s Book Collections. The Fine Arts Library serves the research and information needs of the faculty and students of the Fine Arts Department, the staff of the Harvard University Art Museums and the Harvard University community. The Fine Arts Library is an administrative unit of the Harvard College Library and is part of the Faculty of Arts and Sciences. The collections comprise 260,000 volumes including 1200 current serial titles, microforms, and access to electronic art historical databases. The Collection Management Unit includes 2 FTE support staff in Acquisitions and 1 FTE support staff in Preservation. The position participates in the overall management of the Fine Arts Library as one of the unit heads reporting to the Librarian of the Fine Arts Library. Harvard University is a member of The Research Libraries Group, Inc. and the Fine Arts Library currently catalogs using RLIN. A complete retrospective conversion project is underway. The Fine Arts Library recently completed a strategic planning process.

Responsibilities of the Collection Management Librarian include development of the collections of the Library consistent with curricular and research needs in the field of art and architectural history. Oversees acquisition program including firm orders, approval plans, and gifts. Performs collection analysis, develops written collection policy, and serves as liaison to other collection units in the Harvard College Library. Oversees preservation program including library binding, preservation photocopying, and the assessment of materials for conservation treatment. Further develops preservation program including emergency and security planning. Monitors acquisitions and preservation budgets and makes allocation recommendations. Supervises the Acquisitions and Preservation staff. Develops and maintains an excellent, active working relationship with the Library’s user community in meeting their research and information needs.

Qualifications: An Advanced degree in art history or related field, a master’s degree in library science, or the equivalent combination of relevant education and experience. Demonstrated ability in acquisitions and/or collection management in art history with reading knowledge of German and French or Italian. Experience with computer applications required. Experience in the review of collections for preservation treatment preferred. Demonstrated leadership and interpersonal skills, strong user-centered orientation and philosophy and ability to work as part of a team. Flexibility and versatility required in order to effectively contribute to an evolving work situation. Involvement in professional and scholarly organizations preferred.

Compensation: Appointment salary depending on qualifications, mid $40’s. Major benefits include twenty days annual accrued vacation; generous holiday and sick leave; choice of health plans, dental insurance; life insurance; disability benefits; discounted group auto, home and excess liability insurance program; University-funded retirement income plan; tax deferred annuity options; staff tuition assistance; preferred mortgage program; child care scholarships.

Applications received by 15 September 1995 will receive first consideration. Position remains open until filled. Please submit a letter of application addressing qualifications, resume, and the names of three references to:

Hazel C. Stamps
Director of Personnel Services
Harvard College Library
Widener 188
Cambridge, MA 02138

HARVARD UNIVERSITY UPHOLDS A COMMITMENT TO AFFIRMATIVE ACTION
AND EQUAL EMPLOYMENT OPPORTUNITY
ASSISTANT ACADEMIC LIBRARIAN
SUNY Potsdam

SUNY Potsdam invites applications for a full-time tenure-track librarian at the assistant level. The libraries utilize a range of technological applications, including an integrated online system (opac, circulation, cataloging, authority control, serials control), LAN stations for CD ROM searching, public access to the Internet, and a home page on the college World-Wide-Web server.

Initial responsibilities will include participation in a range of reference, bibliographic instruction, and collection development duties. Some weekend and evening hours required. Changes in our institution and the profession as a whole contribute to the need for flexible staffing patterns. Preferred candidates will be those with an inclination toward and interest in various aspects of college library work and those who demonstrate creative ideas about changing roles for college librarians in the 21st century. ALA-accredited Master's degree required. Additional desired qualifications include strong academic background, preferably a second master's in a science or social science discipline, and familiarity with electronic information resources.

SALARY: $27,000.

Send letter of application, resume, and names, addresses, and telephone numbers of three references to:

Rebecca Thompson
Chair, Library Search Committee
SUNY Potsdam
Potsdam, NY 13676-2294

To receive full consideration, applications should be received by October 15, 1995.

State University of New York at Potsdam is an equal opportunity, affirmative action employer committed to excellence through diversity.

English and a variety of languages, using LC classification schedules and LCSH: participate in policy formulation and workflow design in a team environment. Qualifications: MLS from an ALA-accredited library program or foreign equivalent required; demonstrated ability in use of current library technologies; strong communication and interpersonal skills; commitment to working in a team environment; knowledge of AACR2, LCRI, LC classification schedules, and LCSH. Preferred: Cataloging experience at the paraprofessional level and bibliographic knowledge of foreign languages. A second master's or other advanced degree required for appointment as Assistant Professor on annual tenure track. Salary: Commensurate with qualifications, minimum $27,000 for 12-month faculty appointment. Application: Submit resume, letter of application addressing qualifications, interest in the position, and potential for contributing to OSU diversity, and three references by September 30, 1995, to: Melissa Maloney, Catalog Search Committee, Kerr Library 121, Oregon State University, Corvallis, OR 97331-4501. OSU, a land, sea, and space grant university with 14,000 students, is an AA/EEO employer and is responsive to dual-career needs.

CHAIR, CENTRAL REFERENCE SERVICES DEPARTMENT. This is the primary reference services unit for the humanities and social sciences in the main library. Academic rank depending upon the qualifications of the successful candidate, tenure-eligible, starting April 1, 1996. The University of Nebraska–Lincoln Libraries seeks an innovative, dynamic librarian to provide leadership for the CRS department in a climate of change, as the libraries, the computing centers, and telecommunications combine to form the information services organization for the campus. In this new organizational environment, there is increasing emphasis on providing access to electronic information services and sharing resources. The chair of CRS coordinates and facilitates the activities of the CRS department, which includes 12 faculty and four support staff. Reference librarians/ liaison librarians provide reference desk and user assistance, offer library instruction, and engage in collection development activities. The chair is expected to participate in these activities. The chair will coordinate the work of the library instruction program group, is a member of the library management team, and will participate in the formulation of user services goals and objectives. Required: MLS from an ALA-accredited institution; five years of professional experience in an academic or research library. Supervisory experience and personal skills; commitment to working in a team environment; use of current library technologies; strong communication and interpersonal skills; evidence of professional and scholarly activity; evidence of collegial management style. $46,000 minimum for a 12-month contract. Salary may be higher, depending upon the qualifications of the successful candidate. Applicants should submit a letter of application and current resume that explicitly address how their education, relevant experience, and other relevant qualifications meet the duties of and qualifications for this vacancy, by October 15, 1995. The applicant should also submit the names, current addresses, and current telephone numbers of three references who are knowledgeable of the applicant's qualifications for this vacancy to: Kent Hendrickson, Associate Vice Chancellor for Information Services and Dean of Libraries, 106 Love Library, University of Nebraska–Lincoln, Lincoln, NE 68588-0410. The University of Nebraska–Lincoln is committed to a pluralistic campus community through affirmative action and equal opportunity and is responsive to the needs of dual-career couples. We assure reasonable accommodation under the Americans with Disabilities Act; contact Larry Kahlie at the above address for more information.

CHIEF ARCHIVIST POSITION AVAILABLE. The Central European University (CEU), in collaboration with the Open Media Research Institute (OMRI), has embarked on the development of a major archive for the study of post–World War II communism. The archive is located in a historic palace in the center of Budapest, with complete state-of-the-art information technology. The Radio Free Europe/Radio Liberty historical archives, of which the archive is custodian, will be the core of the collections. Negotiations are being conducted for the acquisition of the records of Index on Censorship and the UN War Crimes Commission. The archive will be an open-access facility dedicated to furthering the understanding of postwar events in eastern and central Europe and the former Soviet Union. The archive will continue to support the research and broadcasting needs of OMRI and the Radios in Prague. In collaboration with the CEU and OMRI, the Chief Archivist will have overall responsibility for the day-to-day operations of the archive, including the design and implementation of preservation programs; the development of electronic access tools; the acquisition.
SEARCH REOPENED
HEAD OF THE SLAVIC DIVISION

Harvard College Library seeks a creative and energetic librarian to lead its renowned Slavic Division. We seek an individual well grounded in Slavic Librarianship to play a leadership role in developing new patterns of service delivery and in making effective use of information technology to meet Division goals.

Harvard's Slavic collection is one of the largest and richest in the West. The Slavic Division, located in the Widener Library, is responsible for maintaining and building this collection which supports the research needs of the Faculty of Arts and Sciences and scholars affiliated with the Russian Research Center and the Ukrainian Research Institute.

The Head of the Slavic Division is responsible for managing the Division, including collection development and management, technical services, reference services, personnel, budget, and fundraising. Responsibilities include developing policies and procedures and formulating specific goals to fulfill the Division's mission in a time of rapid change. The Head oversees operations, monitors the Division's effectiveness, and ensures a balance in terms of cataloging and acquisitions. He or she leads by focusing on fostering teamwork, by encouraging staff performance and staff development, and by creating and sustaining a productivity-conscious, goal-oriented environment.

This position reports to the Head of the Area Studies Department.

Minimum Requirements:

- MLS from an ALA-accredited program or equivalent experience.
- Strong academic background, preferably an advanced degree in Slavic Studies.
- Good reading knowledge of Russian; working knowledge of at least one other Slavic language.
- Knowledge of additional languages highly desirable.
- 5 years demonstrated success in technical services or collection development in a large research Library, including at least 3 years working with Slavic materials in an online environment.
- Demonstrated ability to create and manage a productive and effective work unit.
- Ability to demonstrate and foster teamwork.
- Ability to contribute to planning for library services in a continually evolving academic information environment.
- Working knowledge of information technology as it applies to libraries and scholarly research.
- Expertise in networked microcomputer support of library services and processes highly desirable.
- Strong interpersonal and communication skills, including ability to interact effectively with library staff, the user community, sources of material for the collections, donors, and grant-funding agencies.
- Understanding and appreciation of research in Slavic Studies.

Anticipated hiring salary, mid 60's. Major benefits include twenty days annual accrued vacation; generous holiday and sick leave; choice of health plans; dental insurance; life insurance; disability benefits; University-funded retirement income plan; tax-deferred annuity options; staff tuition assistance; child care scholarships.

Applications will be accepted until the position is filled. Please submit a letter of application addressing qualifications, full resume, and the names of 3 references to:

Hazel C. Stamps
Director of Personnel Services
Harvard College Library

Cambridge, MA 02138

HARVARD UNIVERSITY UPHOLDS A COMMITMENT TO AFFIRMATIVE ACTION AND EQUAL EMPLOYMENT OPPORTUNITY

HARVARD COLLEGE LIBRARY

September 1995 / 591
ASSOCIATE DIRECTOR FOR INFORMATION SERVICES, FENWICK LIBRARIAN

George Mason University Libraries

Rapidly-growing library system in Washington, D.C., area seeks a creative librarian to coordinate information services at the four libraries of the system and supervise all public services at the main research library. The AD develops plans and budgets and coordinates staffing plans to effectively meet each library’s needs for liaison and other services. Manages all Information Services operations of Fenwick Library, including reference, information desk, periodicals and microforms service desk, and circulation services. The AD also serves as Acting Director as needed, and works with the director on human resource development, including recruitment and continuing education. The successful candidate will demonstrate ability to work in a highly automated, constantly-changing environment. ALA-accredited MLS required, second subject master’s strongly preferred. At least five years progressively responsible experience in academic libraries required, as is evidence of good communications and management skills.

SALARY: $45,000 and up, depending on qualifications.

Send letter of application and resume with three references by October 10, 1995, to:

Associate Director Search Library Administration Office, MSN 2FL
George Mason University Libraries
Fairfax, VA 22030-4444

and processing of additional archival collections; the maintenance of research support to RFE/RL’s broadcasters and OMRI’s analysts; and the hiring and supervision of staff. The archive will have a staff of several full-time archivists with relevant language and subject backgrounds, augmented with interns drawn from the CEU’s graduate student population. The archive will have an International Archives Advisory Board comprised of internationally known scholars and archivists. Duties and responsibilities: Overall management of the archive’s staff, including recruitment, identification of priorities, assignment of responsibilities, performance evaluation, etc; preparation of the archive’s budget; development of user access programs—both traditional and electronic—ensuring open access in a context of security of archival materials; in collaboration with OMRI-Prague, organization of materials, the development of finding tools, and the implementation of preservation standards; personal skills and organizational standing required to attract the donation and/or sale of significant archival collections to the center; working knowledge of a minimum of one language of the region; demonstrated successful personnel management abilities; academic or experiential background in the contemporary history of eastern and central Europe and the former Soviet Union is highly desirable, but not required. Priority will be given to applicants who submit a detailed curriculum vitae in English with three references (including address, telephone, fax, and e-mail) by October 15, 1995, to: Alfred Rieber, c/o Dena Schoen, Senior Archivist, CEU-OMRI Archives, Central European University, H-1067 Budapest, Eotvos utca 14, Hungary; phone: (36-1) 342-0584; fax: (36-1) 322-3604; e-mail: schoen@mail.cceu.hu.

COORDINATOR OF USER EDUCATION/REFERENCE LIBRARIAN (Tenure-Track). Responsible for leadership, coordination, training, and teaching within the library instruction program; shares reference desk service, including some evenings and weekends; provides collection development and liaison services; participates in library assessment activities; and participates in appropriate universitywide activities. Qualifications: Required: ALA-accredited MLS (or equivalent); recent experience or training in library instruction; evidence of strong teaching, leadership, and organizational skills; evidence of interest in public service; and experience using modern electronic information systems. Preferred: Teaching experience using hands-on (active learning) techniques; demonstrated interest in instruction design; successful experience as a team leader; an additional degree in a subject specialty; and Internet searching experience using various tools. Salary is commensurate with education and experience, starting at $28,000. Send letter of application (relating experience to position responsibilities), resume, and the names, addresses, and phone numbers of three professional references to: User Education Search Committee. Ferris State University Library, 1201 S. State St., Big Rapids, MI 49307. Application deadline: October 2, 1995, or until filled.

ENGINEERING-PHYSICAL SCIENCES BIBLIOGRAPHER (tenure-track). The University of Nevada, Las Vegas, seeks an energetic, service-oriented person to manage, develop, and promote the library’s engineering and physical sciences collections. This librarian reports to the Associate Director of Information Resources. Responsibilities: Collection development in engineering, computer science, and physical sciences is emphasized, along with the development and maintenance of close working relationships with teaching faculty and department chairs. Responsibilities also include subject-specific reference assistance and specialized library instruction, and may include limited participation in general reference service. This is a new position that holds the promise of developing into a science collection development coordinator. Qualifications: ALA-accredited MLS; a minimum of three years professional collection development experience in engineering or science in a research or academic library; an undergraduate degree or higher in the hard sciences; strong service commitment and excellent interpersonal and communications skills; and significant experience with current information technology and resources are required. Creativity and a record of innovation is a must. The successful candidate will possess strong interpersonal and subject matter skills, the ability to work in a team environment, and promotion and tenure. Salary and benefits: $36,000 minimum; 12-month contract with 24 days annual leave, retirement options, health insurance, no state income tax. Send letter of application, resume, and names, addresses, and telephone numbers for three professional references to: Science Search Committee Chair, University of Nevada, Las Vegas, 4505 Maryland Pkwy., Las Vegas, NV 89154-7014. Review of applications begins on August 15, 1995, and will continue until the position is filled. The University of Nevada, Las Vegas, is an equal opportunity, affirmative action employer and its libraries are actively seeking applicants who reflect our multicultural clientele.

EXECUTIVE DIRECTOR OF INFORMATION RESOURCES. Pacific Lutheran University invites applicants for the newly created position of Executive Director of Information Resources. The Executive Director of Information Resources will provide leadership and direction for the university’s library and related services. Responsibilities include the coordination of all aspects of the university’s information resources and services, and the planning and implementation of all library services in support of the university’s mission. The successful candidate will be responsible for providing active and integrative leadership for the university library and computer center, both currently housed in the current space.
The Research Libraries of The New York Public Library has an exceptional opportunity for an individual to work in our Science, Industry and Business Library. Reporting to the Head, Information Services, is responsible for the daily management of Information Services, including supervision of staff and services, assessment, long-range planning and development, and scheduling. Establishes customer service performance objectives and ensures that standards are met. Works with Electronic Resources staff to develop training modules for staff and public.

Qualified candidates should have an ALA accredited MLS and substantial experience providing reference and information services. BA in science or business preferred. Strong administrative and management skills, including demonstrated leadership roles. Must have a strong customer service orientation and experience in planning and implementing service programs in a team-oriented environment.

We offer a minimum starting salary of $43,580 plus excellent benefits. Send your resume to:

McCool, Associate Director for Administrative Services, Washington State University Libraries, Pullman, WA 99164-5610. Application review begins October 1, 1995. WSU is an EEO employer. Protected group members encouraged to apply.

ASSISTANT HEAD INFORMATION SERVICES

in the same building, and for the integration and management of other university information resources. Long-range planning for the continuous improvement of information technology and services is crucial. Directly reporting to both the Provost and the Vice President of Finance and Operations, the Executive Director will be the primary advocate for information technology at the university. Other duties will include policy formulation, budgeting and financial control, and program development, all of which involve extensive interaction with various departments and units. The Executive Director will oversee more than 40 professionals and support staff with a combined annual budget of over $3 million. Necessary qualifications include a thorough understanding of computer services, academic libraries, and voice and data networks. A master's degree in information technology, library, or computer services is desired. Of critical importance are professional vision, current knowledge of electronic information technologies, a realistic understanding of the place of technology in a largely undergraduate and teaching-oriented university, effective interpersonal and communication skills, and managerial acumen. Evidence of increasing managerial leadership experience in complex organizations is necessary. A collegial and inclusive leadership style is essential. Pacific Lutheran University enrolls 3,500 students and has professional schools of business, education, nursing, and physical education as well as a large College of Arts and Sciences. It has been ranked among America's best colleges by U.S. News and World Report every year since 1983. Affiliated with the Evangelical Lutheran Church in America, it is located in one of the most beautiful natural environments in the nation. The university's goal is to provide an environment of academic excellence and personal growth, and the opportunity for equal opportunity and affirmative action and actively encourages applications from women and ethnic minorities. Send letter of application, resume, and names of three or more references to: Donna L. McCool, Associate Director for Administrative Services, Washington State University Libraries, Pullman, WA 99164-5610. Application review begins October 1, 1995.

HEAD, CATALOG DEPARTMENT. Manages and leads the Catalog Department, which is responsible for original cataloging for monographic publications (over 5,000 records per year), centralized authority control and database management activities, retrospective conversion, data input and marking. The responsibilities of the Head include direct or indirect supervision of 21 librarians and support staff; policy and budget formulation; procedural review; and goal setting. The Head coordinates participation in cooperative cataloging programs, including BBCCO, NACO and OCLC Enhancements. The Head is responsible for coordinating the work of the department with that of other library units: serving on the Technical Services management team and the Cataloging Policy Committee. Also serves as a member of the Management Council, an advisory body to the University Librarian. Required qualifications: MLS from an ALA-accredited library program; extensive (at least five years preferred) post-MLS
Under the supervision of the Head of Technical Services for the Houghton Library performs original and complex adaptive cataloging of rare books and printed material from the 15th century to the present according to national standards, using AACR2, LC subject headings and the US MARC formats. The Descriptive Cataloging of Rare Books will be used for appropriate early materials. The cataloger will participate in departmental planning of evolving workflow procedures and assist with other cataloging activities when necessary as procedures and duties evolve in the rapidly changing electronic environment. The cataloger provides expertise in an area of specialization to members of the Library staff, and participates fully in the professional activities of the Library, preparing exhibitions, seminars, and other public events.

Houghton Library is the main repository for rare books in Harvard College, with major collections in the areas of Western literature and history, the history of science, illustrated books, classical authors, theater and the performing arts, and many smaller collections. Houghton is administratively part of the Harvard College Library, within the Faculty of Arts and Sciences.

Qualifications: Master's degree from an ALA-accredited library school and/or advanced degree in the humanities. Competency in at least one Western European language required, German or Latin highly desirable; 4-6 years' successful professional cataloging experience, preferably in a large research library, including original cataloging and authority control; experience in use of OCLC or other major bibliographic utility. Thorough knowledge of cataloging tools, standards, and conventions; experience with integrated library systems. Ability to perform bibliographic research and pay close attention to detail required. Effective written and oral communication skills as well as excellent organizational and interpersonal skills. Flexibility and versatility required in order to effectively contribute to an evolving work situation. The preferred candidate will be professionally active and have a demonstrated interest in publication and other scholarly activities. Previous experience in cataloging of rare books and manuscripts desirable.

Review of applications will begin immediately and continue until this position is filled.

Anticipated hiring salary, mid 40's. Major benefits include twenty days annual accrued vacation; generous holiday and sick leave; choice of health plans; dental insurance; life insurance; disability benefits; University-funded retirement income plan; tax-deferred annuity options; staff tuition assistance; child care scholarships.

Interested candidates may send a letter of interest, resume and the names of three references.

Hazel C. Stamps, Director of Personnel Services, Harvard College Library, Widener 188, Cambridge, MA 02138.
Two positions at the University of Missouri-Columbia

Information Services Librarian
Health Sciences Library

Principal duties for the Information Services Librarian include responsibility for providing general reference services, computerized searching, user education and reference collection development at the Health Sciences Library. Specific duties include staffing the Information Desk during the day and on evenings; performing online searches of OVID, NLM, Dialog, DataStar and STN search systems and Internet resources; training and supervising one half-time Graduate Library Assistant; coordinating practicum and reference desk assistant programs; providing library tours and user education and preparing materials for user education.

Requirements: Requires minimum of a Master's degree from an ALA accredited program including courses in health sciences librarianship and online searching. Strongly preferred is teaching or supervisory experience and/or experience with online searching and Internet usage. Strong communication and interpersonal skills with a marked ability to communicate with many diverse groups of people is highly desirable.

Documents Access Librarian

Principal duties for the Documents Access Librarian include responsibility for providing reference service to Federal and Missouri Documents patrons, developing electronic documents services especially related to CD-ROM products and online services accessible from and through Government sources, and overseeing of cataloging records added to the online catalog from the monthly GPO tape load. Specific duties include perusing and evaluating new electronic products, providing staff and user training in the access to and use of this material, developing user guides to these resources, and participating in the supervision of support staff and student assistants.

Requirements: Requires minimum of a Master's degree from an ALA accredited program with a completion of a documents course. Basic computer literacy is required. Preferred is work experience in an academic library or other research library with some documents experience. Experience in the cataloging and processing of library information products highly desirable.

Minimum Salary for both positions: $24,000+ for 12 months commensurate with education and experience. Benefits include 30 vacation days per year, vested retirement after 5 years, University medical benefits package, and other normal fringe benefits including 75% tuition waiver.

The University of Missouri (MU) was established in Columbia in 1839. It is one of the five most comprehensive universities in the nation, with over 250 degree programs. The University of Missouri-Columbia Libraries belong to ARL, serve a student body of 22,000+ and a faculty of 1,800 with a collection of over 2.6 million volumes and over 5.3 million microforms.

Columbia is in the middle of the state on I-70, only 2 hours from St. Louis and Kansas City, and 1.5 hours from the Lake of the Ozarks major recreational area. The University and two other colleges provide superb cultural events. According to the American Chamber of Commerce Researchers Association (ACCRA) composite index, the cost of living in Columbia is very reasonable when compared with other university communities. Columbia has been named in the top twenty cities in the United States by Money magazine in recent years.

Send letter of application, names and addresses of three references and resume to Julie Deters, Senior Secretary, 104 Ellis Library, University of Missouri-Columbia, Columbia MO 65201-5149. MU is an equal opportunity and affirmative action employer and complies with the guidelines set forth in the Americans with Disabilities Act of 1990 (ADA). If you have special needs as addressed by ADA and need assistance with this or any portion of the application, notify us at the address above as soon as possible. Reasonable efforts will be made to accommodate your special needs.
DIRECTOR OF THE CENTER FOR THE HUMANITIES

The Research Libraries invites applications and nominations for the position of Director of the Center for the Humanities. The Center for the Humanities is one of the four research centers of The New York Public Library, Research Libraries. The Center comprises a staff of over 250 FTEs, a materials budget of $4 million, and eleven public service divisions with combined holdings of 15 million non-circulating items. The New York Public Library is a private, not-for-profit corporation, the Astor, Lenox, and Tilden Foundations. A description of the Center is available on http://www.nypl.org.

The Director reports to the Andrew W. Mellon Director of the Research Libraries, is a member of the Research Libraries Management Team, and exercises wide authority with broad administrative and planning responsibilities for budget management, personnel, facilities, collection development, and services as well as strategic planning and fundraising.

The qualified candidate will be an experienced, dynamic, and energetic leader with the vision to promote the innovative use of electronic technologies to expand access to the collections; to support the information needs of user communities; and to initiate and develop new services responsive to the scholarly and research needs of the Center’s users. The successful candidate will provide motivation and equal opportunity for library staff; create and nurture a learning organization environment emphasizing excellence and customer service. The incumbent will participate in planning a major renovation of the Center’s landmark Beaux-Arts buildings.

Minimum qualifications are an ALA accredited MLS degree, a second masters or doctorate degree in the humanities or a social science is preferred. Exceptional interpersonal, written and oral communications skills; research interests and a wide cultural background including a knowledge of the scholarly communication and research process; and a demonstrated understanding of information technologies. Successful management experience working with a diverse group of professionals, scholars, and donors; administrative skills in preparing and monitoring budgets, formulating policies and long-range plans.

Competitive salary, commensurate with experience, and excellent benefits provided. Deadline for application October 16, 1995. Please send resume in complete confidence to:

HEAD, COLES SCIENCE CENTER. New York University Libraries. Administer the Coles Science Center in Bobst Library. Direct staff; coordinate collection development in all science disciplines; select materials in one or more science fields. Requires accredited MLS (subject major’s required for tenure); minimum four years progressive responsibility in reference and collection development in large research library; experience with print and electronic library resources and services and knowledge of new technologies; excellent communication skills; evidence of professional and/or scholarly activity. Advanced degree in physical or life sciences and previous supervisory experience. Faculty status, excellent benefits. Minimum $40,000. Send resume and letter of application, including the addresses and telephone numbers of three references, to: Alice Deich, Library Personnel Director, New York University Libraries, 70 Washington Square South, New York, NY 10012. Resumes will be accepted until the position is filled, but not later than September 30, 1995. NYU encourages applications from women and members of minority groups.

HEAD OF ACCESS AND CIRCULATION, BUTLER LIBRARY. Columbia University seeks a dynamic librarian to lead access, circulation, and related services in Butler Library. Reporting to the Director of the Humanities and History Division, the incumbent manages day-to-day operations of Butler circulation and oversees Butler stacks maintenance, including the Periodicals and Microforms Reading Rooms; two off-site storage facilities; and the Library Information Office, which administers user privileges and access policies. Responsibilities in the coming year will focus on improvements associated with the renovation of Butler Library; increasing effective use of the NOTIS automated system for circulation, collection maintenance, and serials check-in; and staff training and development. The Head of Access and Circulation has significant responsibilities for communication with faculty and students regarding the changes brought about by automation and renovation, and as a resource for systemwide planning for access services. S/he will be a member of librarians-wide committees, e.g., the Circulation Coordinating Committee, and will serve as liaison to Technical Services Departments and the Library Systems Office. S/he will manage a staff of approximately 42 FTE, including heads of the above units and student assistants. Collections in Butler total two million volumes and five million microforms. Annual Butler and storage facilities general circulation exceeds 300,000. The off-site storage collections are currently in excess of 800,000 volumes and will increase. Requirements include demonstrated talent for planning, managing, and evaluating in a complex and fluid service environment; strong public service orientation; superior interpersonal and communication skills; relevant experience with online systems; an accredited MLS; and significant relevant professional experience. Experience with NOTIS systems preferred. Salary ranges are: Librarian I, $36,000-$46,800; Librarian II, $38,000-$51,300; Librarian III, $41,000-$61,500. Excellent benefits include assistance with University housing and tuition exemption for self and family. Send resume, listing names, addresses, and phone numbers of three references, to: Kathleen M. Mechomic, Assistant Vice President for Human Resources, Columbia University, Box 35 Butler Library, 535 W. 114th St., New York, NY 10027. Women and minorities are encouraged to apply. Applications received by September 22, 1995, will be assured of full consideration; applications will be accepted until position is filled. An affirmative action, equal opportunity employer.

HEAD OF LIBRARY INFORMATION TECHNOLOGIES AND SYSTEMS. Duties: Supervise one FTE librarian (multimedia librarian/
The Houghton Library of Harvard University offers an exceptional opportunity for an individual to serve as Senior Rare Book Cataloger. He or she will enjoy the collaboration of colleagues working together in a rapidly changing and challenging academic environment.

Reporting to the Head of Technical Services, performs online original and complex adaptive cataloging of rare books, serials, and printed materials in other formats, from the 15th century to the present according to national standards, using AACR2Rev. and DCRB, LC subject headings, and USMARC formats; engages in related bibliographical research as needed. Works with the Head of Technical Services in departmental planning, coordinating original cataloging workflow, and will have some supervisory responsibility, implementing current national cataloging standards and practices; oversees dissemination of documentation and creation of training aids. Participates fully in the activities of the Houghton Library, preparing exhibitions, seminars, and other public events. Works closely with colleagues in the Harvard College Library and is expected to be professionally active and have a demonstrated interest in publication and other scholarly activities.

Qualified candidates should possess a Master's degree from an ALA-accredited library school with additional graduate degree in a Humanities discipline. Over five years' successful rare book cataloging experience, preferably in an academic research library. Thorough knowledge of cataloging tools, standards and conventions, including AACR2Rev., LC subject headings, USMARC formats, and The Descriptive Cataloging of Rare Books; experience with integrated library systems and use of OCLC or other major bibliographic utility. Knowledge of analytical and descriptive bibliography, and familiarity with the history of the book and the techniques of book illustration. Good working knowledge of classical and European languages, with high degree of competency in at least two languages, Latin and German preferred. Ability to perform bibliographic research and pay close attention to detail. Effective oral and written communication skills, as well as excellent organizational and interpersonal skills; must have a demonstrated ability to work effectively with others in a supervisory, training situation. Flexibility and versatility required in order to effectively contribute to an evolving work situation.

Houghton Library is the main repository for rare books in Harvard College, with major collections in the areas of Western literature and history, the history of science, illustrated books, classical authors, theater and the performing arts, and many smaller collections. HARVARD UNIVERSITY UPHOLDS A COMMITMENT TO AFFIRMATIVE ACTION AND EQUAL EMPLOYMENT OPPORTUNITY
DEAN OF UNIVERSITY LIBRARIES
INDIANA UNIVERSITY
BLOOMINGTON

Indiana University invites nominations and applications for the position of Dean of University Libraries at Indiana University. The Indiana University Libraries represent one of the leading academic research libraries, providing strong collections, quality service and instructional programs, and leadership in the application of new information technologies. The university community includes approximately 96,000 students and 4,000 faculty on eight campuses. A university wide integrated NOTIS system has been implemented. The libraries on the Bloomington campus house a collection of over five million cataloged volumes and extensive other collections.

POSITION: The Dean of University Libraries provides administrative leadership for a system of 57 libraries on eight campuses and is responsible for the operational management of the libraries on the Bloomington campus. As chief executive officer of the IU Libraries, the Dean reports to the University Vice-President and Bloomington Chancellor and serves on appropriate academic, technology, and administrative councils. On the Bloomington campus, the Dean provides planning and policy direction in the areas of collection development, public services, technical services, facilities planning, and personnel policies, and is responsible for systemwide coordination with the library directors at all IU campuses. The Dean is responsible for the management of the Bloomington libraries’ fiscal resources and systemwide automation project budget, and participates actively in development and grants activities. The Dean plays a universitywide leadership role in the development and implementation of information technologies and digital library capabilities. The Dean represents the libraries within the university, throughout the state and the nation; and across the library and information technology fields.

QUALIFICATIONS: Candidates must have appropriate library administrative experience and educational background. They must: (1) demonstrate a clear understanding of the evolving role of the academic research library and changes in scholarly communication, the important role of cooperation and resource sharing, and library automation and new information technologies; and (2) be able to establish and maintain effective communications and relationships with library staff, faculty, and students, and an active and close working relationship with computer and technology administrators and organizations at the University.

SALARY: Salary will be commensurate with that of other senior deans at Indiana University.

APPLICATION: Nominations and applications should be addressed to:

Julie Bobay and Jeanne Peterson, Co-chairs
Dean of University Libraries at Indiana
University Search and Screen Committee
College of Arts and Sciences
Kirkwood Hall 104
Indiana University, Bloomington
Bloomington, IN 47405
Internet: petersom@indiana.edu or bobay@indiana.edu

Nominations and applications received before October 15, 1995, will be assured consideration.

Indiana University is an affirmative action and equal opportunity employer.
Women and minority candidates are encouraged to apply.

INTERLIBRARY LOAN LIBRARIAN, Northwestern University Library. Responsibilities: The Northwestern University Library is seeking a dynamic and experienced leader to manage its interlibrary loan operations. The Interlibrary Loan Department consists of the department head, six nonexempt staff, and three FTE student assistants. Northwestern University Library is an ARL institution, and participates in resource-sharing agreements within the Committee for Institutional Cooperation (CIC), the Research Libraries Group (RLG), and Illinet. The Interlibrary Loan Department handles over 14,000 borrowing transactions and over 36,000 lending transactions annually. The Head of Interlibrary Loan will be a key member of the Public Services Division management team and will participate in the Management Council, a policy-making forum for department heads and senior dates individuals with disabilities. Applicants must comply with the Immigration Reform and Control Act.
CATALOG LIBRARIAN (AUDIOVISUAL EMPHASIS)

University Libraries, Ball State University
Muncie, Indiana

Ball State is a comprehensive university with approximately 20,000 students and 1,200 faculty, serving east-central Indiana. It is located 50 miles northeast of Indianapolis in Muncie, a city of around 80,000. The library contains 1.4 million items in a modern building; it is serviced by 38 librarians and 83 FTE support staff.

Catalog Librarian (audiovisual emphasis) reports to Head of Educational Resources Technical Services. Catalogs audiovisual materials (excluding sound recordings and music content materials) using AACR2r, MARC formats, and the Library of Congress Subject Headings and rule interpretations; supervises the Audiovisual Cataloging Section; creates and assists with the maintenance of authority records for the libraries' automated authority control file; and participates in development, documentation, and evaluation of unit policies and procedures. Requirements: MLS from an ALA-accredited program; knowledge of MARC formats, AACR2r, and Library of Congress Subject Headings; knowledge of automated cataloging, using a national bibliographic utility such as OCLC or RLIN; working knowledge of at least one western European language; and effective communication skills. Preferred: Audiovisual cataloging experience; supervisory experience; knowledge of emerging technologies, especially the automation of library technical services functions; and additional graduate degrees. Salary: Negotiable; $26,000 minimum.

TERMS AND CONDITIONS: Fiscal year, 12-month appointments. Faculty status possible with appropriate academic credentials. Benefits include 24 vacation days; 12 days sick leave; TIAA, Blue Cross/Blue Shield, life, and disability insurance packages.

APPLICATIONS: Send letter of application, resume, transcripts for all graduate degrees (unofficial copies acceptable), and a list of three references, including addresses and telephone numbers. List should include current or most recent supervisor. Address as follows:

C. William Barnett
Director, Library Business Services
218 Bracken Library
Ball State University
Muncie, IN 47306

Review of applications will begin immediately and continue until the position is filled.

Ball State University is an equal opportunity, affirmative action employer and is strongly and actively committed to diversity within its community.

management. Administers the daily operations of the Interlibrary Loan Department, including all borrowing and lending activities. Establishes goals, objectives, policies, priorities and performance standards for interlibrary loan services and operations. Actively explores, evaluates, and implements new services and technologies, including user-initiated remote ILL requests and document delivery. Advises library administration on network participation and automation issues with potential impact on ILL operations and services. Qualifications: MLS from an ALA-accredited program required. Substantial professional experience in an academic/research library (minimum five years preferred), including evidence of successful supervisory experience. Familiarity with interlibrary loan and document delivery processes. Excellent interpersonal and communication skills required, and potential to lead staff successfully through major change. Understanding of issues relating to resource sharing in the academic library environment essential. Demonstrated ability to understand, evaluate, and introduce new hardware and software in the workplace. Interest in exploring cost-effective, efficient, and user-friendly initiatives desirable. Salary: $40,000 minimum. Application deadline: October 15, 1995. Send letter of application and resume, including names of three references, to: Peter Devlin, Personnel Librarian, Northwestern University Library, 1935 Sheridan Rd., Evanston, IL 60208.

Northwestern University is an equal opportunity, affirmative action employer. Hiring is contingent upon eligibility to work in the United States.

INTERNATIONAL AND STATE DOCUMENTS LIBRARIAN.

Responsibilities: The International and State Documents Librarian is responsible for the collection development and maintenance of the international and state documents collections and for working on the department's reference desk, including nights and weekends in rotation with other staff. The incumbent oversees responsibilities for the United Nations, European Union, OAS, GATT, Illinois, and other depository collections, including adherence to depository agreements; oversees the collection development of other international documents and selected state documents; works on the department's service desk; conducts bibliographic instruction sessions; oversees the cataloging of the international and state documents. Qualifications: MLS required from an ALA-accredited library school or international equivalent; knowledge of social science and government information resources, including knowledge of resources in electronic format; experience with microcomputers; ability to write well and to communicate clearly and effectively in oral presentations. Preferred: Two or more years experience in government publications; two or more years experience as an international and/or state documents librarian; experience with maps and with government publications in electronic format; bibliographic instruction skills. Salary: $30,000 minimum. Application deadline: October 15, 1995. Send a letter of application and resume, including the names of three references, to: Peter Devlin, Personnel Librarian, Northwestern University Library, 1935 Sheridan Rd., Evanston, IL 60208-2300. Applications received by October 15, 1995 will receive first consideration.

Northwestern University is an equal opportunity, affirmative action employer. Employment eligibility verification required upon hire.

LIBRARY INSTRUCTIONAL SERVICES COORDINATOR, The University of Notre Dame seek an innovative leader to coordinate, administer, and market the expansion of the libraries’ instructional program in an environment of increasing financial resources. Envisioned is a widely varied mix of instructional activities, including both the appropriate use of traditional methods and the vigorous exploration and exploitation of new technologies. Such growth will require active recruitment and coaching of library faculty and staff and frequent, energetic contact with members of the university’s teaching and research faculty. In particular, the successful candidate will be expected to lead library personnel in heightening user awareness of and ability to use traditional and new technologies; collaborate with other campus information providers and faculty in developing instructional programs; advise library faculty and staff in the choice and use
ASSOCIATE UNIVERSITY LIBRARIAN, TECHNICAL SERVICES
The University of Texas at El Paso

The University of Texas at El Paso seeks a creative, experienced leader in technical services. The Associate University Librarian coordinates, facilitates, and supervises the activities of 20.5 FTE regular staff (including three professionals) and 13+ FTE students in all aspects of acquisitions, cataloging, physical processing, serials control, binding, and database maintenance; directs the development, implementation, and improvement of departmental processes and practices to maximize available resources and to ensure the successful delivery of services that support the other library departments and library users; is actively involved in implementing current developments and technological operations in technical services; contributes to the mission and goals of the library in planning, policy formulation, and active participation in library administration and management groups.

REQUIRED: ALA-accredited MLS; minimum of five years successful management experience in a technical services department in an academic or research library, with expertise in at least one of the following areas: cataloging, serials control, or acquisitions. Also required: Comprehensive knowledge of all technical services operations; substantive supervisory experience, including training and evaluation of staff; significant experience with library networks and systems such as NOTIS and OCLC; awareness of current trends in technical services. The successful candidate must possess: Proven ability to promote cooperative efforts among library units; demonstrated flexibility and initiative in a changing environment; good problem-solving and organizational skills; excellent interpersonal and communication skills (both written and oral); commitment to the service mission of the academic library; and evidence of and commitment to continuing participation in professional activities.

SALARY/BENEFITS: Minimum $43,000. Benefits include group medical and life insurance and choice of retirement plans. Texas has no income tax.

TO APPLY: Send letter of application, resume, and the names and telephone numbers of three references to:
Lydia Limas
Administrative Assistant
University of Texas at El Paso, Library
El Paso, TX 79968-0582

Review of applications begins September 15, 1995, and continues until the position is filled.

THE LIBRARY: Modern, six-floor building houses a centralized collection of over 800,000 volumes. Staff of 22 professionals, 54 support staff, and 90 student assistants.
TWO POSITIONS AVAILABLE

Marriott Library, University of Utah

Two fast-paced, highly visible, service-oriented positions available.

INSTRUCTION DIVISION HEAD (PUBLIC SERVICES)
Responsibilities: Reporting to the Assistant Director of Public Services, this newly created position will plan, coordinate, implement, and evaluate user and staff instruction and training programs. Will supervise division staff, guide the instruction activities of other library staff, design class and instruction materials, develop computer multimedia instruction programs, expand instruction to branch campuses and distance learners, and work with faculty campuswide to promote library instruction. Will serve a minimum of four hours a week at a public service desk. Required qualifications: MLS from an ALA-accredited library school program, experience in an academic library, four years work experience with classroom and bibliographic library instruction, or related experience; demonstrated written and oral communication skills; proven organizational and leadership abilities; demonstrated ability to work well with the public and colleagues; knowledge of existing and emerging technologies; and strong interest in public service and teaching. Preferred: Management/supervisory experience; additional graduate degree in an academic discipline or teaching credentials. Salary: Minimum $34,000, depending on qualifications.

REFERENCE LIBRARIAN (PUBLIC SERVICES)
Responsibilities: Reporting to the Head of General Reference, this position provides reference services at an active desk specializing in humanities, social sciences, business, education, and general information; research consultation; library instruction services to faculty and students in a broad range of subject areas; and will assist users in searching print and electronic resources, including networked CD-ROM, internet, World Wide Web, OCLC, and the library's online system soon to be replaced by a statewide integrated library system. In addition, this librarian will serve as the selector in an assigned area of the humanities or social sciences, which includes material selection, liaison to appropriate academic departments, and specialized bibliographic instruction in assigned areas. Required qualifications: ALA-accredited MLS, experience in and strong commitment to public service excellence in a research library; familiarity with electronic resources; demonstrated strong written and oral communication and interpersonal skills, including the ability to work effectively with individuals and groups of diverse backgrounds; ability to exercise initiative in a teamwork environment; demonstrated interest in professional activities and capability for success in a tenure-track position; familiarity with the goals of liberal education and an understanding of the nature of scholarly research in the humanities and social sciences. Preferred: Experience in library instruction or teaching; advanced degree in a discipline within the humanities or social sciences; knowledge of a foreign language. Salary: Minimum $25,000, depending on qualifications.

APPOINTMENT: Librarians at the University of Utah have academic appointment. Benefits: Our benefits are among the best in the country. Partially paid health and dental insurance, TIAA/CREF retirement, reduced tuition, 25 days vacation and generous professional development time, sick and holiday leave. Librarians are eligible for sabbaticals. Library, campus, community: The Marriott Library will complete an expansion project by the fall of 1996 that will double the existing space. The library has a collection of over two million volumes, over 40 librarians, and 300 staff members. The university is situated on a 1,500-acre campus and has over 28,000 students. This cosmopolitan city offers a wide variety of cultural and outdoor activities.

FOR CONSIDERATION: Send detailed letter of application, resume, and names of three references or placement bureau address to:

Kristeen Arnold
Personnel Officer
330 Marriott Library
University of Utah
Salt Lake City, UT 84112
fax: (801) 585-3464
e-mail: KARNOLD@admin.lib.utah.edu

Applications received by September 30, 1995, will be assured consideration.

The University of Utah is an equal opportunity, affirmative action employer. Women, minorities, and persons with disabilities are encouraged to apply.
TWO POSITIONS AVAILABLE
Purdue University Libraries

Purdue University, located in West Lafayette, Indiana, is the land grant university for the state of Indiana. The libraries system, which consists of the undergraduate library and 14 school/departmental libraries, has holdings of over two million volumes. Staff totals more than 200, including 64 faculty and professionals. Applications are invited for the following positions:

LIFE SCIENCES LIBRARIAN
Requirements: MLS (ALA-accredited). Advanced degree or relevant experience and background in a life sciences field. Minimum of five years professional experience in an academic, medical, or corporate library. Supervisory experience. Desired qualifications: Strong service orientation; excellent grasp of information needs in the life sciences and of the application of information technologies; ability to lead the transition to new information services in the digital environment as well as manage traditional print resources; strong analytical and organizational skills; demonstrated communication skills; demonstrated ability to effect change, build consensus, and administer in a positive and consultative manner in a rapidly changing and demanding environment; experience in collection development, user instruction, and information management consultation; demonstrated ability to work well with all levels of users and staff. Responsibilities: Responsible for administration of the Life Sciences and Biochemistry Libraries; serves as liaison between both the School of Agriculture, and the department of Biological Sciences (School of Science) and Libraries Administration; provides leadership in planning, developing, and implementing ongoing and innovative services and shaping directions for both print and electronic sources; collaborates with members of libraries' biomedical and life sciences cluster; participates in librarywide planning and management through consultative committee and team structures; reports to Director of Public Services and Collections. Members of libraries faculty must meet Purdue requirements for promotion and tenure. Library: The Life Sciences Library is the principal library resource for the School of Agriculture, which offers degree programs in a wide range of disciplines in agriculture and the life sciences. It also serves the Department of Biological Sciences in the School of Science and the university at large. Salary: $40,000 and up, depending upon qualifications. Application review: Commences September 15, 1995, and continues until position is filled.

ENGINEERING LIBRARIAN
Requirements: MLS (ALA-accredited). Degree or relevant experience and background in engineering or related field. Minimum of five years professional experience in an academic or special library. Supervisory experience. Desired qualifications: Strong service orientation; excellent grasp of information needs in engineering and technology and application of information technologies; ability to lead the transition to new information services in the digital environment as well as manage traditional print resources; strong analytical and organizational skills; demonstrated ability to effect change, build consensus, and administer in a positive and consultative manner in a rapidly changing and demanding environment; experience in collection development, user instruction, and information management consultation; demonstrated communication skills and ability to work with all levels of users and staff. Responsibilities: Responsible for administration of the Siegesmund Engineering and Aviation Technology Libraries; serves as liaison between both the Schools of Engineering and the School of Technology and the Libraries Administration; provides leadership in planning, developing, and implementing ongoing and innovative services and in shaping directions for both print and electronic resources; collaborates with fellow members of the libraries' engineering and physical sciences cluster; participates in librarywide planning and management through consultative committee and team structures; reports to the Director of Public Services and Collections. Members of libraries faculty must meet Purdue requirements for promotion and tenure. Library: The Siegesmund Engineering Library is the principal library resource for the Schools of Engineering which offer degree programs in a wide range of engineering disciplines. It also serves the School of Technology, which awards applications-oriented degrees at the associate, bachelor, and graduate levels, and the university at large. Salary: $40,000 and up depending upon qualifications. Application review: Commences September 30, 1995, and continues until position is filled.

STATUS & BENEFITS: Faculty status and responsibilities. Rank dependent on qualifications. 12-month appointment with annual vacation of 22 working days. Flexible benefit programs with open enrollments annually. Medical, group life, and disability insurance programs are in effect, as are flexible spending accounts, TIAA/CREF and Social Security Coverage.

APPLICATION PROCESS: For full position description, send statement of interest, resume, and list of references to:

Thomas L. Haworth
Personnel Administrator
Purdue University Libraries
1530 Stewart Center
West Lafayette, IN 47907-1530

An equal opportunity, affirmative action employer.
TWO POSITIONS
The American University in Cairo

The American University in Cairo is inviting applications for the following two library positions:

ASSISTANT DIRECTOR FOR RARE BOOKS, SPECIAL COLLECTIONS, AND ARCHIVES
As part of the library's senior administration, the appointee will be responsible for overall management of the operations of the Rare Books and Special Collections Library, which houses rare books on the material culture of Egypt and the Middle East, special collections including extensive non-book resources, and the University Archives. Responsibilities include participation in and/or supervision of collection development, reference and bibliographic instruction, and conservation and reprographic activities.

Required qualifications include a graduate degree in librarianship, with a second master's degree desirable; minimum of five years of professional experience with increasing responsibilities, preferably in special collections librarianship or archival administration; fluent English required; fluent Arabic and working knowledge of other languages useful; computer literacy and knowledge of contemporary standards of special collections librarianship essential.

COORDINATOR OF CATALOGING
The appointee will be responsible for coordinating the preparation of bibliographic and holdings records for materials in all formats in accordance with appropriate (inter)national standards and institutional needs, and for the development and execution of cataloging policy in consultation with other staff. The library is in the process of migrating to a new automated system and of extending bibliographic control to its collections of nonbook materials.

Required qualifications include a graduate degree in librarianship, with a second master's degree desirable; minimum of three years of professional library experience in cataloging to U.S. standards; familiarity with automated library systems; fluent English required; fluent Arabic and working knowledge of other languages useful.

Two-year appointments (renewable) are available beginning in September 1995. Both positions are expected to be filled by February 1996. AUC's salaries are competitive. Excellent benefits are also provided, including housing, roundtrip air travel, and schooling allowance for relocated faculty and staff. Letter of application describing the applicant's interest, complete vita, and names, addresses, and contact numbers of three references should be sent to:

Andrew Kerek, Provost
The American University in Cairo
866 United Nations Plaza, Ste. 517
New York, NY 10017

Review of applications began July 15, 1995, and will continue until the positions are filled.

The American University in Cairo is an equal opportunity employer.
should send a resume and the names and addresses of three professional endeavors. Salary: Assistant professor: $35,862–$47,858 per year, and more. Send letter of application and resume, and names and addresses of three references to: Susan T. Newman, Chief Librarian, Mina Rees Library, Libraries, 432 Capen Hall, Buffalo, NY 14260-1625. Search Committee will begin reviewing applications immediately and continue until an appointment is made. An EO/AA employer. Women and minorities are encouraged to apply.

REFERENCE AND ELECTRONIC SERVICES COORDINATOR. Science and Engineering Library. Leads reference staff in the development of reference and user services for the Science and Engineering Library, which serves faculty, students, and staff in the School of Engineering and Applied Sciences and the Faculty of Natural Science and Mathematics. Serves on the reference desk and teaches instructional classes. Plans and implements reference electronic information services. Initiates change in a rapidly developing technological environment. Provides collection development for both print and electronic reference sources. Serves as a collection development selector in one or more areas of natural science, mathematics, and engineering. Supervises graduate student assistants. Participates in professional activities, including research and writing for publication. Qualifications: Required: MLS from ALA-accredited program; minimum three years relevant library experience; commitment to public service in a university research library environment; experience with electronic information retrieval systems and services, familiarity with the use and application of microcomputers in a networked environment; experience with the Internet, CD-ROM technology, and database searching; excellent oral and written communication skills; ability to work collegially in small group team environments; experience with information retrieval systems and services, familiarity with the use and application of microcomputers in a networked environment; experience as selector/bibliographer in science or engineering discipline; knowledge of a foreign language; supervisory experience; record of scholarly and/or professional achievement. Rank and salary: Reports to Science and Engineering Librarian. Salary: $25,500; competitive and commensurate with qualifications. Vacations: three weeks per year, and more. Send letter of application and resume, including the names of at least three references, to: Kenneth Hood, Personnel and Staff Development Officer, University at Buffalo Libraries, 432 Capen Hall, Buffalo, NY 14260-1625. The University of Buffalo Libraries and the University at Buffalo are equal opportunity, affirmative action employers.

REFERENCE LIBRARIAN (Assistant Professor or Associate Professor). Reports to the Chief of Readers’ Services. As a member of the reference staff, provides general and in-depth reference service for a clientele consisting of graduate students, faculty, and research staff. Participates in collection development, reserve and other activities as necessary. Submit letter of application, resume, and names and addresses of three references to: Janice Simmons-Welburn, Coordinator of Personnel and Diversity Programs, University of Iowa Libraries, Iowa City, IA 52242; phone: (319) 335-5871. The University of Iowa is an equal opportunity, affirmative action employer.

REFERENCE LIBRARIAN/BIBLIOGRAPHER. University of Minnesota Libraries, St. Paul Campus Central Library. The reference unit provides service to users of the St. Paul Campus Central Library of the University of Minnesota, which houses collections and resources in agriculture, biological sciences, human ecology and other disciplines. This unit is currently developing a team-based approach to planning and implementing reference and collection development. Services include instruction and assistance with electronic databases, as well as print and other media resources. Users include undergraduate and graduate students, faculty and academic staff, some corporate users, and the general public. Position description: This librarian will participate in a team-based approach to planning and delivering reference services in an increasingly electronic-based information environment. Responsible for the St. Paul Campus Central Library selection of materials in some area of the biological sciences, both print and electronic formats. Reference responsibilities include assisting library users by appointment, via phone or e-mail, and at the reference desk, and developing new means of service. Other responsibilities as a reference unit team member include providing formal and informal instruction, selecting and developing print and electronic reference resources, and creating documentation for users. Qualifications: Required: MLS from an ALA-accredited institution, or foreign equivalent. At least three years of professional experience in an academic library or science-oriented special library. Experience with library microcomputer applications and electronic information resources, including CD-ROM databases and the Internet. Strongly preferred: Degree in biological sciences or related area. A demonstrated commitment to customer-oriented service and the ability to work well in a team. Excellent written and verbal communication skills. Type of appointment and salary: This is a 12-month probationary academic/professional appointment at the rank of Assistant Librarian, with promotion track. Minimum salary: $29,000 and up, depending on qualifications. Application requirements: Applicants should send a letter of application discussing background and experience relating to the position and its requirements, a resume, and names and addresses of three references to: Linda DeBeau-Melting, Libraries Human Resources Office, University of Minnesota, 453 Wilson Library, 309 19th Ave. S., Minneapolis, MN 55455. Applications must be postmarked by September 15, 1995. Please identify applications with UL#48. The University of Minnesota is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, national origin, sex, age, marital status, disability, public assistance status, veteran status, or sexual orientation.

REFERENCE/SUBJECT LIBRARIAN. John M. Olinn Library, Washington University in St. Louis. Participate as an active member of reference and subject librarian teams. Help to design services and develop collections to meet users’ changing information needs in an increasingly electronic environment. Select traditional and electronic library materials in designated subject areas in the sciences and social sciences, and serve as liaison with faculty and students in these areas. See the challenge of ongoing change as a positive condition and be willing and able to embrace it. Required: MLS from an ALA-accredited library school, degree in social science or humanities (advanced degree preferred), familiarity with electronic information technologies, strong commitment to service, ability to work and interact harmoniously with a diverse student body, faculty, and library staff; ability to flourish in a rapidly changing environment. Minimum salary: $25,500; competitive and commensurate with qualifications and experience. Send letter of application, resume, and names and addresses of three current references to: Carol Ettrock, Director of Employment, Washington University, 1 N. Brookings Dr., Campus Box 1184, St. Louis, MO 63130. Review of applications will begin October 16, 1995, and continue until position is filled. Employment eligibility verification required upon hire. Washington University is an equal opportunity, affirmative action employer.

SCIENCE LIBRARIAN. Amherst College Library seeks a Science Librarian. Principal duties: To manage daily library services and operations, supervise electronic information services, and participate in reference collection development. Science encompasses collections in biology, chemistry, astronomy, geology, physics, and psychology, as well as in a separate mathematics library. To participate in bibliographic instruction, and reference and general science collection development, with an emphasis on electronic sources. The successful candidate will have a MLS from an ALA-accredited institution, or foreign equivalent, and be a science major in a science strongly preferred, and an MLS from an ALA-accredited school of library or information science. Library experience, with a broad background in computers, online resources,
and library automation, strongly preferred. Ability to cooperate with faculty and students, and communication skills required. Minimum salary of $28,000. Salary dependent on experience and qualifications. Send letter of application, resume, and the names of three references to: Willis Bridgegam, Librarian of the College, Box 2256, Amherst College, Amherst, MA 01002-5000. Applications will be accepted until the position is filled. Amherst College is an equal opportunity, affirmative action employer, and encourages women, minorities and disabled persons to apply.

SPECIALIST FOR THE SCIENCES. Seattle Pacific University. Position is a ten-month, non-tenure-track faculty appointment. Responsibilities: Collection management; library user education; general and advanced reference service, including CD-ROM, Internet, and other online searching; close working relationship with faculty and participation on faculty committees and in professional organizations. Candidates must have an ALA-accredited MLS and a strong background in the natural or health sciences, with a subject master’s preferred; excellent interpersonal and communication skills necessary. Faculty rank and salary (minimum $33,000) commensurate with experience and qualifications. Seattle Pacific University serves more than 3,400 undergraduate and graduate students in both liberal arts and professional studies. The university’s Christian commitments are both evangelical and Wesleyan, with faculty and students representing a broad range of faith traditions. The university seeks applicants who are enthusiastically committed to its Christian mission; women and people of color are especially encouraged to apply. Send resume and qualifications letter to: Gary R. Fick, University Librarian, Seattle Pacific University, Seattle, WA 98119; phone: (206) 281-2414; e-mail: glick@spu.edu. Closing date: October 2, 1995.

TEAM LEADER FOR RESEARCH SERVICES. University of Iowa Libraries. Position description: In the Main Library at the University of Iowa, the Reference Department, Information Arcade, and Media Services Department are combined in a new multidimensional department for Information, Research, and Instructional Services (IRIS).
ASSOCIATE DIRECTOR FOR TECHNICAL RESOURCE SYSTEMS AND SERVICES: The University of Missouri-Columbia is seeking qualified applicants for the position of Associate Director for Technical Resource Systems and Services. Principal responsibilities include the provision of leadership in unifying into one division technical services, which currently is structured traditionally, and library systems functions which do not exist on a campus level. The areas to be unified are the Technical Services Division (TSD) and the Microcomputer Support Group (MSG). The TSD has 59 staff (10 librarians) and 20 student assistants serving within five departments: Acquisitions; Catalog Management; Cataloging; Monographic Retrospective Conversion; and, Serials. Units exist within some of the departments; for example, Serials is comprised of Serials Acquisitions, Serials Management and Physical Processing. In addition, TSD has a Systems Librarian who also serves as the network manager for the implementation of the Innovative Interfaces, Inc. (III), integrated system. MSG has three professional staff who are responsible for the Libraries microcomputers (approximately 200) and for the LAN in Ellis Library. Selected members of the library staff in other divisions and branches have received training which allows them to assist the MSG staff in servicing the Libraries' microcomputers.

The Associate Director for Technical Resource Systems and Services administers the Technical Services Division which is responsible for acquiring, cataloging, processing and preserving materials for the MU Libraries' collections. (The J. Otto Lottes Health Sciences Library has its own technical services department.) The person in this position provides leadership in planning, implementing and evaluating divisional operations and services in accordance with the Libraries' goals and objectives. He or she is a member of the Library Council and participates in establishing library-wide policy, serves on committees as assigned, and participates in library fund-raising and development activities. The Associate Director evaluates personnel, analyzes costs and efficiency of operations, and coordinates projects with other divisions. This person assists the Director with the allocation of the libraries materials budget, evaluates and selects vendors, and monitors the acquisitions budget.

The Associate Director for Technical Resource Systems and Services will establish and manage a systematic library systems presence for the MU Libraries, using existing staff within TSD and MSG, and with the cooperation of staff in other units. The Associate Director will direct the activities of the professional and support staff who have responsibility for library technology and automation planning, networked resources and hardware and software support. This newly reorganized division will provide: local automation network planning; implementation and support; investigation, testing, implementation and evaluation of technologies which support all library functions; and, development of policies and procedures for use of technologies throughout the library system, in conjunction with the other divisions of the MU Libraries and the Library Systems Office (LSO). The LSO is part of the University-wide administration and is responsible for LUMIN (Libraries of the University of Missouri Libraries Information System).
Network). LUMIN is a WLN-based system which provides an online catalog and a circulation system. It will be replaced with III in 1996.

Requirements: MLS from an ALA accredited program; at least 10 years of experience in an academic library, with five or more of those with progressively responsible administrative responsibilities, including management of at least one technical services unit; broad and demonstrable knowledge of library systems/services and issues related to the organization of technical library resources; experience with an online bibliographic utility; ability to meet the requirements of the Librarian IV rank, i.e., an additional graduate degree or extensive continuing education, professional activities, service and/or scholarly activity sufficient to meet the criteria. (A copy of the MU Libraries governance document will be sent upon request and will be given to each person interviewed.) Ability to work with people in a collegial, consultive, collaborative team environment. Participative management style. Demonstrated leadership of a diverse staff showing successful skills in interpersonal working relationships. Preference for a background in library systems, including experience with local area networks, the Internet, CD-ROMS, and e-mail; familiarity with III; positive public relations experience; demonstrated leadership within the library profession; superior verbal and written communication skills which can be demonstrated.

Minimum Salary: $65,000+ for 12 months commensurate with education and experience. Benefits include 30 vacation days per year, vested retirement after 5 years, University medical benefits package, and other normal fringe benefits including 75% tuition waiver.

THE UNIVERSITY OF MISSOURI (MU) was established in Columbia in 1839. It is one of the five most comprehensive universities in the nation, with over 250 degree programs. The University of Missouri-Columbia Libraries belong to ARL, serve a student body of 22,000+ and a faculty of 1,800 with a collection of over 2.6 million volumes and over 5.3 million microforms.

Columbia is in the middle of the state on I-70, only 2 hours from St. Louis and Kansas City, and 1.5 hours from the Lake of the Ozarks major recreational area. The University and two other colleges provide superb cultural events. According to the American Chamber of Commerce Researchers Association (ACCRA) composite index, the cost of living in Columbia is very reasonable when compared with other university communities. Columbia has been named in the top twenty cities in the United States by Money magazine in recent years.

Available: January 1, 1996.

Send letter of application, names and addresses of three references and resume to Julie Deters, Senior Secretary, 104 Ellis Library, University of Missouri-Columbia, Columbia MO 65201-5149. Screening of applications will begin October 1, 1995. The University of Missouri-Columbia is an equal opportunity and affirmative action employer and complies with the guidelines set forth in the Americans with Disabilities Act of 1990. If you have special needs as addressed by the Americans with Disabilities Act and need assistance with this or any portion of the application, notify us at the address above as soon as possible. Reasonable efforts will be made to accommodate your special needs.
Responsibilities: The Dean of Libraries is responsible for providing leadership and direction to the Library in all its endeavors, on and off campus.

Qualifications: Required qualifications include: an earned Master's Degree in Library Science plus an earned Doctorate in Library Science or a related field, or an earned Master's Degree in Library Science plus a second earned Master's Degree in another subject field (preference will be given to persons holding the doctorate); evidence of scholarship; eight years of professional library experience, including five years as an academic library administrator; effective oral and written communication skills, interpersonal relations skills, and leadership and public relations skills; demonstrated commitment to the principles of affirmative action, equal opportunity, and diversity; experience in budget preparation and management; knowledge of higher education and technology trends and issues that relate to academic libraries. Desired qualifications include: experience working in an academic library at a land-grant university; experience in writing grant proposals; experience in private fund-raising activities; commitment to an active program of faculty/staff development.

Send letter of application accompanied by a vita and names, addresses, and telephone numbers of five professional references to:

Dr. Roberta K. Olson, Chairperson
Dean of Libraries Search Committee
Box 2275
South Dakota State University
Brookings, SD 57007
Telephone: (605) 688-5178
FAX: (605) 688-6119

IRIS provides services and user education for bibliographic and reference resources, print and nonprint primary source collections, multimedia development, computer-assisted methods for research and teaching, and local and networked access to information. IRIS is distinguished by its team-based approach to providing high-quality services and by its emphasis on individual initiative and responsibility. The Team Leader for REsearch Services will participate in a wide range of reference and instructional activities in IRIS. This position will serve as a member of the IRIS management team with particular responsibility for planning and operations relating to advanced reference services and research consultations, including the development and evaluation of innovative approaches to user services. The incumbent will share collection development responsibility for reference materials with the Team Leader for Information Services. The Team Leader for Research Services directly supervises seven professional librarians and will also help to organize project and functional teams made up of staff from throughout IRIS. Qualifications: Required: A graduate degree from an ALA-accredited library and information science program, or the equivalent; professional experience providing reference services, including user education, in a research library; general knowledge of the nature of scholarly research and communication in the humanities and social sciences; familiarity with a wide range of printed and electronic information sources, including the Internet; demonstrated managerial and leadership abilities; excellent oral and written communication skills; outstanding interpersonal and supervisory skills; creativity and an innovative approach to problem-solving, teamwork, and user services; demonstrated commitment to professional involvement. Preferred: Familiarity with elec-
or other retirement plans; Florida has no state income tax. Please reply with

JUDAICA LIBRARIAN. Florida Atlantic University welcomes applications for a new position, Judaica Librarian, to manage the public service aspects of a rapidly expanding special collection that emphasizes Yiddish literature, music, and Holocaust studies, as well as traditional English and Hebrew materials. Responsibilities include organizing and managing collections; assisting students, faculty, and visiting scholars in research; acting as subject bibliographer; conducting outreach and public programs; coordinating processing of materials with existing library routines; participating in gifts and grant activities. Minimum requirements include: MLS from an ALA-accredited institution; two years of experience in an academic setting; knowledge of Hebrew and Yiddish; outgoing personality; excellent oral and written communication skills in English. Preferred: Familiarity with OCLC, RLIN, WWW, and at least one European language. Salary firm at $31,251. Benefits include generous TIAA/CREF or choice of other retirement plans; Florida has no state income tax. Please reply with resume and cover letter by October 1, 1995, to: Zita Cael, Head, Special Collections, Wimberly Library, Florida Atlantic University, Boca Raton, FL 33431. Affirmative action, equal opportunity employer.

SYSTEMS LIBRARIAN. Systems Librarian for the Consolidated Libraries of North Park College and Theological Seminary in Chicago. North Park seeks a librarian to administer our Ameritech NOTIS-Horizon system and other library automated services, and, in collaboration with colleagues, guide our further development in providing technological solutions to student and faculty needs. As a member of the
library professional staff, the position also involves regular participation in original cataloging on OCLC and scheduled rotations at reference. Full job description available upon request. Good benefits, including TIAA/CREF and tuition benefits for employee and family. 12 month position with four weeks vacation. Hiring range: $25,000–$33,000, depending upon qualifications. Qualifications: Accredited MLS and professional experience administering PC-based library automation systems. Flexibility; ability to work in cooperation with a variety of staff; excellent verbal and written communication skills. Desirable: Systems experience in an academic library; experience with client server systems such as Ameritech NOTIS-Horizon; OS/2, Sybase, and Windows expertise; and experience conducting training programs. Apply by September 20, 1995 with a letter of application, full resume, and names, current addresses, and phone numbers of three professional references to: Eileen Karsten, Head of Technical Services, North Park College and Theological Seminary, 3225 W. Foster Avenue, Chicago, IL 60625. Position available September 15, 1995. North Park is a Christian college of over 1,600 students, with several master's and doctoral programs, located in a residential neighborhood on the far north side of Chicago.

REFERENCE/PUBLIC SERVICES LIBRARIAN (2 POSITIONS). University of Pittsburgh. The university library system, University of Pittsburgh, is seeking candidates for two entry-level, full-time positions: 1) Reference/Public Services Librarian, school of library and information science library, and 2) Reference/Public Services Librarian, graduate school of public and international affairs/economics library. The ULS is an AA/EOE aggressively committed to increasing diversity in our workplace, and strongly encourages applications from candidates who can contribute in this area. Both positions are to provide in-depth and ready reference service, library research instruction, and public services in heavily used departmental libraries and will report to the head of the respective libraries. Scheduled hours will be Mon-Thur 12:30 p.m.-9:00 p.m., Fri. 8:30 a.m.-5:00 p.m. (fall, spring, summer terms), with supervision of the respective library operations after 5:00 p.m. Scheduled hours during interim breaks will be regular business hours (8:30 a.m.-5:00 p.m.). Required: ALA-accredited MLS (or recognized equivalent). Demonstrable knowledge of library information services, emerging electronic information services, and their applications to libraries. Effective organizational, interpersonal, communication, and presentation skills. Experience in an academic library (or coursework in academic librarianship) desirable. Salary: $26,000. Comprehensive benefits package including 23 vacation days/year; BC/BC; TIAA/CREF; and tuition assistance. To apply, submit letter of application and resume with the names/addresses/phone numbers of three references to: William Gentz, Personnel Librarian, 271 Hillman Library, University of Pittsburgh, Pittsburgh, PA 15260. Applications received by October 15, 1995 will receive primary consideration. Please specify which position(s) is being applied for.

As electronic information sources proliferate, it's difficult to evaluate which are best suited to your particular research needs. This ambitious new project — the World Databases Series — solves the problem; this series gives you analytical information and access to databases available worldwide — whether on CD-ROM, magnetic tape, diskettes, online or via fax, wire, or databroadcast.

The World Databases Series offers:
• comprehensive, current information — each highly detailed entry gives you the name of the database, complete description, coverage timeline, number of records held, geographical coverage, languages, search software used, search aids and manuals, type of database, and host or provider information.
• evaluative data — compares the same database held by different hosts or in different versions to help you use the source best suited to your needs
• easy-to-use format — each World Databases directory is subdivided into specific subject areas; databases are listed alphabetically within these sections. A detailed index in each volume helps you pinpoint the information you need.
The standard by which other client/server systems are judged

Horizon™ is the information management system that sets the standard by giving your library all the benefits of client/server computing.

A true client/server system
The flexibility of an open systems environment means you can add to the system as needs change and adapt to future technologies while leveraging your investment.

Expanded patron access
In addition to your own Horizon database, patrons can use Horizon to gather bibliographic data from any 239.50-compliant system and connect to global resources over the Internet.

Graphical user interfaces
The Horizon client software offers the familiarity of Microsoft Windows®, System 7 (Macintosh®), or OS/2® interfaces. Patrons can search effortlessly with icons, pull-down menus, and point-and-click commands.

Proven by libraries like yours
You need a system with a history of success, one designed by library professionals. Horizon has met those requirements with thorough testing by libraries around the world.

Horizon is available today
You can bring the benefits of Horizon to your library today. Let us show you the leading client/server system.
