**Classified Advertising**

**NOTICE**

Respondents to advertisers offering faculty "rank" and "status" are advised that these terms are ambiguous and should inquire as to benefits involved.

All advertisements submitted by institutions offering positions must include a salary range. The range should provide the applicant with an indication of the salary the institution is willing to provide for the position offered.

All advertisements for the Positions Wanted and the Positions Open classifications will be edited to exclude direct or indirect references to race, creed, color, age, and sex as conditions of employment.

Classified advertising orders and copy, and cancellations, should be addressed to the Advertising Department, 50 East Huron Street, Chicago 60611, and should reach that office before the second of the month preceding publication of issue desired. Copy received after that time may be held for the next issue.

Rate for classified advertising is $1.25 per printed line. No additional charge is made for nonmember advertising.

Interlibrary Communications and Information Networks presents...

■ 31 outstanding papers on available and theoretical methods of extending library service capabilities.
■ Definitive summary of plenary sessions, working group reports, and recommendations.

Interlibrary Communications and Information Networks confronts five major problems and proposes solutions...

1. Is there a true need for a national information network?
2. What are the functions and services best suited to a national network?
3. How rapidly can new technology be applied and used in network operations?
4. How will national networks affect libraries and information centers — socially, legally, and administratively?
5. What can be learned about a proposed national network from existing specialized networks.

Here is a work of lasting value to all librarians and information scientists concerned with the future of information services agencies.
