**ART SUBSECTION**

The fourth edition of the *Class N, Fine Arts, Library of Congress Classification*, has appeared this fall. Thanks to the work of William B. Walker, librarian of the National Collection of Fine Arts/National Portrait Gallery Library and vice-chairman of the Art Subsection, this new issue represents not only an incorporation of all additions and changes made since the third edition up to October 1969, but also a thoroughgoing revision. Perhaps the most striking innovations of this revision are the regrouping of numbers for similar types of publications which had heretofore been dispersed in several places (e.g. works on art collectors and patrons have been brought closer to material on private collections), and the combining, in the same numerical sequence, of works on the history of art in a particular medium with books of reproductions of works in the same medium. In all cases where class numbers are no longer used by the Library of Congress, they have been parenthesized for continued use by other libraries which may not wish to adopt these changes, and appropriate references have been made. The task of updating the schedules and increasing their comprehensiveness will reap many rewards. A new subclass NX has been added, dealing with the arts in general, including literature and the performing arts as well as the visual arts. The geographic tables which can be applied throughout the schedule have been updated to reflect the current jurisdictional situation. The edition has been printed on one side of the page only, thereby providing a suitable format for libraries using the schedule to make annotations, punch the pages for a looseleaf binder, and insert pages from the *LC Classification-Additions and Changes* for updating. Copies may be obtained from the Card Division, Library of Congress, Building 159, Navy Yard Annex, Washington, D.C. 20541, at $3.00 a copy.

NOW YOU CAN GET JANE EYRE ON THE SHELVES AS FAST AS WINNIE THE POOH.

After years of supplying LJ Cards for children's books, we've now grown to adults'. LJ catalog card sets are now available for all English language adult titles published from 1969 on. Our adult card sets are designed to accomplish the same thing as LJ processing kits for juvenile titles—namely, to get new acquisitions on the shelves while they're still new.

So, as with all LJ Cards, we guarantee to fill your order within 10 days after receiving it—provided, of course, the book has been published. If we fail, return the order and we'll return your money. (To make sure we don't have to return any money, we've recently increased our order-handling staff by 250%. And our facilities by 300%.)

You can order adult card sets three ways: with standard Library of Congress order slips; copies of multiple order forms; or any 3" by 5" slip listing author, title, publisher, date of publication, and edition. The price is $.35 per set.

And no matter how you do it, you can now have what elementary and high school librarians have had for some time.

An up-to-date reading room. Instead of just an up-to-date storage room.
