CHOICE
ETHNIC STUDIES REVIEWS SERIES

CHOICE announces a new series of bibliographies that identifies scholarly books covering a number of ethnic groups.

The Ethnic Studies Reviews series has been designed to facilitate collection development in several multicultural areas, to provide current bibliographies on particular ethnic groups, and to facilitate research and reference.

The bibliographies will benefit faculty and students, as well as librarians, by providing a readable list of books published in the last three or four years accompanied by a full review, plus an author and title index. Finding a recent publication on or about a particular ethnic group and developing a course or reading list can be accomplished easily with these new CHOICE bibliographies.

Each bibliography addresses a particular American ethnic group and is compiled from favorable reviews previously published in CHOICE. The titles cross all disciplines and represent a selected view of the best scholarly titles published on one of these multicultural areas.

The first titles in the new series:
- *African and African American Studies*; 146 pages; 754 titles; $22.00
- *Latino Studies*; 100 pages; 531 titles; $20.00
- *Native American Studies*; 54 pages; 278 titles; $15.00

Plus $2.00 postage and handling for each title ordered.

Forthcoming:
- *Asian and Asian American Studies*, in 1993
